Attn: Mayor Victor Cumming

Dear Mayor Cumming,

Re: BC Hydro 2020 Street Lighting Rate Application

Vernon's January 19th letter to UBCM regarding the BC Hydro 2020 Street lighting Rate Application was forwarded to the SILGA board and discussed during their January 27th board meeting. Following discussions, SILGA agreed to support Vernon and other SILGA members' applications for intervenor status with the British Columbia Utilities Commission.

In that regard, SILGA applied for intervenor status with BCUC on January 28th, although only to support its members as the rate application does not impact SILGA directly.

Thank you,

Lori Mindnich
